

EnzyMax[®] L50

Description

EnzyMax[®] L50 is a pure organic green natural bio stimulant product. It is a patented liquid water-soluble organic product developed by QFG Company mainly by the application of flush irrigation and drip irrigation. It is rich in organic nitrogen, phosphorus and potassium, active free amino acid, active humic acid, polymerized polysaccharide, Organic bioenzyme, trace element and small molecule polymerized carbon.

Specification(Typical analysis)

Appearance	Liquid	Organic matter	500g/L Min
Amino acids	60g/L Min	Humic acid	200g/L Min
Trace Elements	20g/L Min	Organic NPK	60g/L Min
Total Vitamin	1000ppm Min	Organic Bioactivator	5g/L Min
Organic small molecule polymerized carbon			30% Min
Enzymatic hydrolysis of seaweed			0.02% Min
Polymerization Polysaccharide			800ppm Min

Benefits

- Promotes root growth, improve root absorption capacity
- Improves root absorption capacity
- Improves the survival rate of transplanting, strong seedlings
- Promotes plant growth and nutrient transport
- Strong plants without premature aging
- Increases absorption of nutrients through leaves and roots
- Promotes enzymatic activity as a natural stimulant
- No residue, improves the physical and chemical properties of soil
- Stimulates activities of soil microorganism
- Increases crop yield and quality

Application

Drip Irrigation: 7.5-25 L/ha each time

Flush Irrigation: 15-45 L/ha each time.

* This recommendation may be varied according to the soil characteristics and local conditions.

Package: 1 L 、 5 L bottle

20 L、 200 L、 1000 L Barrel, customized
Sealed well and store in cool and dry place.

Manufacturer & Distribution: Qingdao Future Group
Headquarter: Phoenix Plaza, Qingdao, China.
